

EUROPEAN ADVANTAGE MOTOR OIL

FEATURES & BENEFITS

Meets or exceeds the following requirements:

- API SN / SM and CF performance
- ACEA A3-04
- ACEA B3-04, B4-04
- ACEA C3-08
- VW 507, 505 01, 505 00, 502 00
- MB 229.51 formulated for diesel only
- BMW LL-04
- Porsche performance
- GM / Opel performance
- JASO MA
- Chrysler MS11106

PUREZONE EUROPEAN ADVANTAGE is no ordinary motor oil. A sophisticated formula of pure and stable base stocks and the very latest in additive technology to deliver the performance and protection your engine demands. **PUREZONE EUROPEAN ADVANTAGE** was formulated to keep your engine as close as possible to factory cleanliness.

PUREZONE EUROPEAN ADVANTAGE excellent cold-start protection circulates quickly creating a protective film on vital engine components. When used in extreme high temperature operating conditions, this protection reduces wear, resists oxidation and retains viscosity stability to extend engine service life. **PUREZONE EUROPEAN ADVANTAGE's** high level of anti-wear and anti-corrosion inhibitors ensures premium protection throughout the life of the oil. In fact, it retains durability to the maximum oil-drain intervals that are recommended by manufacturers.

PUREZONE EUROPEAN ADVANTAGE displays very low oil consumption during extreme service intervals*. **PUREZONE EUROPEAN ADVANTAGE** easily exceeds the motor oil performance requirements of most automobile manufacturers worldwide. Hot or cold, on or off the road, **PUREZONE EUROPEAN ADVANTAGE** is high performance oil for high performance vehicles.

*Although long life is a feature of the stability of synthetic oils, the engine manufacturers' oil drain intervals should always be respected.

TYPICAL RESULTS

Testing Parameter	5W40
DENSITY @ 15°C(ASTM D4052) kg/L	0.8539
VISCOSITY (D-445) cSt @ 40°C	79.6
VISCOSITY (D-445) cSt @ 100°C	13.2
VISCOSITY INDEX (D-2270)	168
POUR POINT (°C) (D-97)	-36
FLASH POINT (°C) (D-92)	244
COLD CRANK SIMULATOR (D-5293) cP@ (°C)	6219@-30
TOTAL BASE NUMBER	7.3
